THE ARTS 2013: HOUSE OF PARLIAMENT II – SCEPTRE BLACK PRINT

A special black print of the commemorative miniature sheet *The Arts 2013: House of Parliament II – Dome Hall* (no. 23/2013 in the Stamps information leaflet) has been released as *The Arts 2013: House of Parliament II – Sceptre black print*. Five thousand copies of the miniature sheet, which was designed by the graphic artist Eszter Domé based on a photograph by Károly Szelényi, were produced by ANY Security Printing Company. The miniature sheet is available at selected post offices and Filaposta in Hungary from 6 December, but may also be purchased from Magyar Posta's online store.

The stamp depicting the sceptre from the commemorative miniature sheet *The Arts 2013: House of Parliament II – Dome Hall* appears on the perforated image with an invalidated face value. The contour of part of the interior of the dome of the House of Parliament is printed in gold-coloured foil in the border design. The embossing and numbering on the back make the edition even more unusual. The product comes in a mount as a protective wrapping.
